Employment history

Freelance Designer and Developer, Unique Computers. Agartala, Tripura

Jul. 2021 – Present

In this current job
am required to build an appealing website for Unique Computers. Due to the

ongoing pandemic, they encountered a decline in their short-term works, and hence going online was the option. The work requires me to design and create their first website and also to design and create visually appealing posters and banners for their ad. the deadline being 3 weeks. The design is kept more on the simpler side keeping the consumer base in mind.

Freelance Designer and Developer, IGDCP, Dept. Of Forest, Tripura.
Agartala, Tripura

Jan. 2021 – Jul.
2021

Working as a
freelance UI/UX designer and Developer for IGDCP, Department of Forest, Tripura
. Building and Native Android application will help them relay the project's
progress and other valuable information from ground 0 to the Higher officials.
There are basically three apps in the suit which will relay data between each
other. The apps don't just relay text data but also geo-mapping.

Freelance Graphics Designer, ICFAI University Tripura. Agartala, Tripura

Jan. 2021 – Feb. 2021

In this job, I made
Posters and banners for both digital and print media for the university's
annual fest.

Freelance Designer and Developer, LostArt Studio. Agartala, Tripura

Feb. 2020 – Mar.
2020

This was one of those jobs that I enjoyed working on. It was simple and
yet needed those subtle eye-catching instances. Those the project was never
delivered because of a tragedy. And the website remained with me stored in
GitHub henceforth.
