EXPERIENCE

2022/06 - Present

Network Engineer

@Reliance Industries Limited

- Working as a Network Engineer, here I am responsible for Networking, Routing and Configuration.
- I have worked on Cisco Meraki Switches, Access points, Firewall and also done configuration of all Cisco Meraki devices(MR-56, MR-86, MX-68). As well as maintaining Cisco dashboard for working network infrastructure.
- Worked on configuration of Switches, Firewall, Access points, Routers etc.
- Hands on grip for designing the network infrastructure for project requirements and specification.
- Able to create and raise BOQ as per demands for Active and passive materials.

INTERNSHIP

2022/01 - 2022/06

Software Developer

@FRONTEND ARMY INFOCON PVT.LTD

- Working on React JS it is a JavaScript library for building user interfaces.

2021/07 - 2021/08

@Silvertouch Technologies Limited

- Learn about IOT automation Devices.
- Work on ESP-8266 WI-FI Module it is BOLT IOT device that can be very useful for automation Industries and BOLT cloud platform provide it's own cloud storage for create some basic projects.

EDUCATION

Bachelor of Engineering (B.E), Electronics & Communication

Vishwakarma Government Engineering College (2018-2022)

CGPA : 8.87/10

Senior Secondary(XII), Science

Shree Vidyanagar High School (GSEB board)

Year of Completion: 2018

Percentile: 89.46

Secondary(X)

Shree Vidyanagar High School (GHSEB board)

Year of Completion : 2016

Percentile: 98.74

CERTIFICATION

2023/04	Cisco certification - CCNA
2021/07	HTML,CSS and JAVASCRIPT for web developers @JOHN HOPKINS UNIVERSISTY on Coursera Platform
2021/06	BOLT certificate for Internet of Things and Machine Learning
2021/05	IOT Foundation from JIGSAW academy .
