Profile

I am a passionate UIUX Designer, I bring 6 months of valuable internship experience at Perpetual Invention, where I gained hands-on experience with design tools such as Figma and Photoshop. With a solid foundation in UI and UX topics, I am driven to create thoughtful and compelling designs that elevate the user experience. I am excited about the growth opportunities within the UIUX industry and am eager to contribute to successful design projects.

Experience

**Perpetual Invention, 2023**  
During my UIUX internship at Perpetual Invention, I collaborated with a design team to redesign Maestro Intellect's website. I shared my insights and worked with the team to brainstorm design concepts, create wireframes and mockups, and participate in regular design critiques. We encountered challenges, but by communicating and collaborating effectively, we successfully merged new design features with the existing functionalities to create a user-friendly experience.

Education

March 2017

SSC from Sri Gopinath Vidyalaya, Varvand with 86.40%

February 2019

HSC from Gopinath Vidyalaya, Varvand with 75.54%
