iOS App Developer

mahavir771@gmail.com

Total Experience: 8 Years

Date of Birth: 08 February 1993

Education: MCA, RK University, Rajkot - 2015

Marital Status: Married

Hometown: Ahmedabad, Gujarat

About Me:

I am a tech enthusiast and very passionate about making beautiful, user-friendly, easy to use and at the same time functionally powerful iOS apps. I spend my free time learning about what's new in technology as we are in a rapidly growing industry where we need to keep ourselves up to date.

Technical Skills:

- Good Knowledge of Design Patterns
- Native Frameworks: Photos, Contacts, Core Data, Core Location, HealthKit
- Storyboard, Xib, AutoLayout
- UIKit Dynamics
- Multipeer Connectivity, Core Bluetooth
- Good Knowledge of Git Technology
- Source Control Tools: Github, Gitlab, Bitbucket
- Automation Tools: Fastlane, CircleCI
- Data Encryption Using AES256
- Memory Management
- Grand Central Dispatch and Operation Queues
- Swift to Objective-C Interoperability
- Objective-C to Swift Interoperability

Key Strength:

- Strong analytical and problem solving skill
- Willingness to Learn and Adapt
- Ability to work independently and within a team
- Excellent written & verbal communication skills
- Self motivated and Goal oriented

Programming Languages: Swift, Objective C, C, C++

Languages Known: English, Gujarati, Hindi

Professional Experience:

- Yudiz Solutions Ltd, Ahmedabad: July 2015 - June 2023

Hobbies:

- Explore World Cinema, Travel to Historical Places, Try Different Foods
