PROJECTS

Gold Wholesaling & Retailing

B2B Platform | Jan 2023 – Apr 2023

- Developed a Gold Wholesaling and Retailing project in Django/Python during my final year at college.
- Designed a comprehensive portal facilitating seamless connections among diverse wholesalers and retailers.
- Enhancing their business operations. Leveraged Django's robust capabilities to create an efficient platform, contributing to the project's success and demonstrating my adeptness in web development.

PROFESSIONAL EXPERIENCE

Web Developer Intern

Saubhagyam Web Pvt Ltd | Jan 2023 – July 2023

- Interned at Saubhagyam Web, specializing in Python with Django and Django Rest Framework for dynamic web applications.
- Proficient in React for frontend development, creating engaging user interfaces.
- Deployed websites on AWS for scalable applications.
- Involved in the entire development process, from design to deployment, with a focus on responsive and scalable solutions.
