PROFILE

Dynamic IT professional specializing in cybersecurity and Infrastructure management system. With expertise in Sophos firewall, Networking protocols, Microsoft 365, Exchange Server, Checkpoint, Linux administration, and server management, I bring a versatile skill set tailored for securing and optimizing digital environments. Passionate about mitigating cyber threats and ensuring data integrity, I excel in implementing robust security measures and conducting proactive risk assessments. Through hands-on experience in configuring and maintaining network infrastructures, I have developed a keen eye for identifying vulnerabilities and implementing effective solutions. With a commitment to continuous learning and a proactive approach to staying updated on industry trends, I am poised to drive cybersecurity initiatives and fortify organizational defenses against evolving cyber threats.
