SUMMARY

Experienced mobile app developer with 2 years of professional experience at Technostacks Infotech Pvt Ltd. I have honed my skills primarily as an Android Developer and Flutter Developer concurrently, where I
have contributed to various projects and developed robust mobile applications.
In addition to my mobile development expertise, I possess a foundational knowledge of JavaScript, Python, HTML, and CSSS.
Recently graduated with a B.Tech in Computer Engineering from Silver Oak University.

EXPERIENCE

Android and Flutter Developer

Technostacks Infotech Pvt. Ltd.

📅 08/2022 - Present 📍 Ahmedabad, Gujarat

Technostacks specialises in designing scalable SaaS and IoT-based solutions for startups and enterprises. ISO certified company based in India with presence in United Kingdom and United States.

- As a Android and Flutter Developer Developed and maintained multiple Android applications, and cross-platform mobile applications ensuring high performance and responsiveness.
- Collaborated with cross-functional teams, including designers, product managers, and QA testers, to define, design, and ship new features.
- Implemented RESTful APIs to connect Android applications to back-end services.
- Utilized version control systems like Git to manage and share code efficiently.
- Conducted code reviews and provided constructive feedback to peers, promoting best coding practices.
- Identified and fixed bugs based on user feedback and crash reports, improving app stability and user satisfaction.
- Employed state management techniques like Provider , Getx and Bloc to manage app state efficiently in flutter.

STRENGTHS

🖥 **Mobile App Development**

As an Android and Flutter Developer, I excel in Kotlin, Java, and Dart, with strong UI/UX design skills and expertise in API integration, database management, and Android Jetpack components. I am proficient in testing and performance optimization. In Flutter, I build custom widgets, manage state, and develop cross-platform apps, integrating third-party packages and Firebase services. My skills also include performance tuning and comprehensive testing.

EDUCATION

B.Tech in Computer Engineering

Silver Oak University

📅 06/2020 - 06/2024 📍 Ahemdabad, India

Higher Secondary Education

P.P. Savani International School

📅 03/2018 - 03/2020 📍 Surat, Gujarat

PROJECTS

Make Habit

📅 04/2024 - 07/2024

- Developed a cross-platform Flutter application for habit tracking and goal setting.
- Implemented local storage using Getx and SqfLite database.
- Utilized Getx for state management and incorporated custom animations for enhanced UX.

Family Money Manager

📅 09/2023 - 03/2024

- Built an Android app using Kotlin for family expense tracking and management.
- Integrated Python backend with MongoDB for data storage and synchronization and communicate with backend developers.
- Implemented real-time updates and notifications.

AudiblDoc

📅 02/2023 - 06/2023

- Developed a Kotlin-based Android app for converting text from images, PDFs, and documents to speech.
- Integrated OCR technology for text extraction and implemented multi-language support.
- Utilized Room database for efficient local storage and retrieval of converted documents.

Todo web application

📅 08/2022 - 09/2022

- Created a responsive web-based todo application using HTML, CSS, and JavaScript.
- Integrated Implemented local storage for data persistence.

SKILLS

Android	Flutter	Java	Kotlin

Dart	Firebase	Git

Room Database	SqLite	Javascript

HTML	CSS	Python
