📍 D.No:1-159, Sai Baba Temple Road, Vempa, Bhimavaram, West Godavari, Andhra Pradesh, India-534207

♂ Male 📅 13/04/2003

Objective

Recent graduate with strong technical and communication skills, seeking an role in cyber and system networking roles in a responsible organization to contribute to innovative solutions towards the field

Education

Sagi Rama Krishnam Raju Engineering College , B.Tech Bachelor Of Technology - Information Technology CGPA - 7.35	2020 – 2024 Bhimavaram
Tirumala Junior College , Intermediate Board of Intermediate Education - MPC CGPA - 9.13	2018 – 2020 Bhimavaram
Vishnu School , SSC Central Board Of Secondary Education Percentage - 71.8%	2017 – 2018 Bhimavaram

Projects

- SMB Remote Windows**
Operations based on the SMB remote windows kernel pool corruption and windows exploitation
- Buffer Overflow**
Checking the capacity of the buffer storage over data overflow and the data interpretation
- Deep Learning Approach for Yoga Posture Evaluation**
Developed an machine learning application which is used to detect and evaluate a yoga posture on the live webcam
- House Price Prediction and Iris Classification**
Performing feature extraction on the given dataset by using various Machine Learning classifications

Technical Skills

- Key Skills**
Cyber Security, Networking, Ethical Hacking, Cloud Computing, Microsoft Azure, AWS, Wordpress
- Web Development Technologies**
Basics of HTML, CSS
- Databases**
Basics of SQL and DBMS

Internship

Internship on Cyber Security 🔗 By Blackbuck Engineers Private Limited	07/2022 – 09/2022
Internship on Python Full-Stack Development 🔗 By Henotic Technology Pvt Ltd	06/2023 – 08/2023
Internship on AI&ML and Data Engineering 🔗 By APSCHE and EduSkills	03/2024 – 05/2024

Soft Skills

- Critical and logical thinking
- Positive attitude
- Communication and Collaboration
- Risk management and Adaptability

Certificates

- Microsoft Azure Data Fundamentals 🔗 • Cybersecurity Foundations By Palo Alto Networks 🔗 • AWS Cloud Foundations 🔗 • Ethical Hacking Certification 🔗 • Advanced Cyber Threats 🔗 • Cyber Hygiene Practices 🔗
