

## RESUME

**Name:** Swapnil Nanaso Bhosale

**Email:** swapnilbhosale7875@gmail.com

**Contact No:** 7875529591

**Specialization:** BE Computer Science

---

### Career Objective:

Looking for a challenging career which demands the best of my knowledge and professional ability and which will help me in broadening my skills and knowledge.

### Education Qualification:

Degree	Institution	Board	Year	Marks
BE Computer Science	Sinhgad Academy of Engineering, Kondhwa	S.P.P.U.	2023	8.79 CGPA
Diploma	SVERI's College of Engineering, Pandharpur	MSBTE	2020	84.06%
HSC	K.M. Highschool & Jr. College Jath	MH State Board	2018	52.00%
SSC	Jath Highschool Jath	MH State Board	2016	70.00%

### Professional Skills:

**Programming Language:** C, C++, Core Java

**Database:** SQL

**AWS Services:** IAM, Amazon S3, EC2, VPC, CloudWatch, RDS, Route 53, Lambda, Elastic Beanstalk, Amazon Workspaces. etc.,

**Devops Tools:** Git, Github, Docker, Kubernetes, Terraform, Jenkins.

**Operating System:** Windows, Linux

### Project:

**Project Name:** An Automated System for Accident Detection

#### Description:

An Automated System for Accident Detection is a technological solution designed to automatically detect and report traffic accidents in real-time. This system typically employs a combination of sensors, such as cameras, accelerometers, GPS, and microphones, integrated into vehicles or roadside infrastructure. These sensors continuously monitor the surrounding

environment for signs of accidents, such as sudden changes in speed, impact forces, or unusual sounds. Once an accident is detected, the system immediately sends alerts to emergency services, nearby vehicles, and relevant stakeholders, enabling prompt response and assistance to those involved. Overall, the Automated System for Accident Detection aims to enhance road safety by minimizing response time and improving coordination during critical situations.

**Project Name: Online Electrical Services**

**Description:** - An Online Electrical Services platform is a digital platform that connects users in need of electrical services with qualified electricians and contractors. Through this platform, users can browse a directory of electricians, compare services, rates, and reviews, and schedule appointments conveniently online. Overall, an Online Electrical Services platform aims to streamline the process of finding and booking electrical services while ensuring quality, reliability, and customer satisfaction.

**CERTIFICATION**

Microsoft Technology Associate: Database Administration Fundamentals

**TRAINING / COURSES**

AWS/DEVOPS: CloudBlitz Technologies, Pune.

**Description:** - I have completed AWS/DEVOPS course from CloudBlitz Technologies, Pune. In this course, I have studied all the DEVOPS Tools and the different types of AWS Services and again also I have strong knowledge of Linux OS.

**Extra Curricular Activities:**

NSS member volunteer

**Personal Details:**

**Languages:** English, Hindi, and Marathi

**Date of Birth:** 25th Jan 2000

**Hobbies:** Listening Songs, Travelling, Playing Games etc.

**Personal Qualities:**

- Teamwork
- Leadership
- Quick Learner

**Declaration:**

I hereby declare that above information is true to best of my knowledge.
