SUMMARY

With the completion of more than 35 projects in my career i am a skilled, knowledgeable and qualified iOS developer with extensive background in computer programming and team handling. I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new development techniques are important to me and the success of your organisation. I have 6+ years of experience of developing mobile applications for iOS. And having exposure on building Big E-commerce Applications/Products. I have mentioned few of my application in my experience section, like Food delivery app, grocery app, hotel booking, CRM, etc.
