## PROFESSIONAL EXPERIENCE

### **Meditab Software Inc – Ahmedabad (May, 2017-Present)**

#### *Quality Analyst for a Web Based EHR Project IEMO (Agile)*

Serve as a key member of software development team as Quality Analyst on development of this Product from inception to delivery with my full commitment and dedication. IEMO is an Electronic Health Records and Practice Management solution that includes applications for Patient Management System and tools that can be tailored to various practice sizes and types that specialize in Internal Medicine.

- Estimating, Prioritizing Requirements
- Reviewing FSD and providing suggestions
- Conducted formal and informal product design reviews throughout the software development lifecycle to provide input on functional requirements, product designs, schedules and potential issues. Leveraged developer background to communicate effectively with software design team, quickly gaining their respect and becoming a valued, “go-to” team member on challenging test cases.
- Developing test process, test plans, and test cases
- Helped manage, develop, and improve processes within team
- Maintenance of test documents and test scripts
- Creating Automation Test Script using Selenium with Java whenever required
- Performing Root Cause Analysis for bugs and getting it resolved from root instead of just allowing patch work
- Generating Test Summary Report, Daily QA Team Status Report, Test Result Evaluation Report, Detailed Bug Report which are clear, concise, easy to understand, automated and easy to maintain.
- Participated in reviewing test plan prepared by peers, reviewing bug reports, and other test documents.
- Experience in Growing Automated QA Coverage for major functional areas
- Performing API Testing using Postman

### **Magneto IT Solutions – Ahmedabad (Jan, 2017-April, 2017)**

#### *Trainee Frontend Developer for Multiple Projects*

- Involved in creating HTML layout structures for multiple websites
- Handled live clients’ issues and complaints related to UI/UX
- Resolved UI bugs in production
- Involved in major CSS changes of multiple e-commerce websites
