ABOUT ME

I am a 7th-semester I.T student, studying at Atmiya Institute of Technology and Science, Rajkot. I am and have always been keenly interested in Cyber Security and Forensics. I am very passionate about it and I know that's what I am made for.I hope and I wish that someday I put my cybersecurity skills to use for this country, India.

EDUCATION

(2013 - 2014) 10th CBSE
Gujarat Public School, Vadodara.

(2015 - 2016) 12th CBSE
Gujarat Public School, Vadodara.

(2016 - 2021) BE-IT(Pursuing)
Atmiya Institute of Technology & Science,Rajkot.

EXPERIENCES

SiddhiSai Websolutions, Ahmedabad

Worked as Junior Php Developer at SiddhiSai Websolutions, Ahemdabad for 3 months. Worked on live project, using JIRA, Bitbucket, etc.

Cyber Warrior

Have experience in extracting information (Recon) and extracting data about a person/thing, under the MOU made by the Honourable Chief Minister Shree Vijay Rupani Sir, with GTU. Hence helped in some cases indirectly.

Website Building

I have some experience in building websites. The recent website at work is the IndiaTech, which is an initiative to sell only Indian products, to support and encourage Indian products and to support Atmanirbhar Abhiyan.
Links To My Websites for reference :

IndiaTech – atmanirbhar.epizy.com
Lucifer – luc1f3r.epizy.com
GoXPro – goxpro.epizy.com
Unofficial Land – unofficialand.epizy.com (Latest)

Cyber Security Expert Lectures

I have conducted Cyber Security Expert Lectures in my college's Mechanical, Electrical, Computer And I.T Department.

Cyber Forensics

Helped my college detect the culprit of email spoofing that occurred in the college.
