## ABOUT ME

Hello. I am Jay Nagrecha. I am currently pursuing 8<sup>th</sup> Semester, B.E, Information Technology from Atmiya Institute of Technology and Science. I love studying new technologies and working on them. I am keenly interested in Cyber Security and Forensics. I always tend to find an easy substitute/solution to most of the problems. I have excellent command over language/communication skills and can prove to be a good leader as well as a team worker.

## Extra Interests

- I play Guitar.
- I play Keyboard
- I play Badminton
- I play Soccer
- I love to talk about Hypothetical Technologies

## EXPERIENCE DETAILS

### Siddhisai Websolutions

I worked as a Junior PHP Developer at Siddhisai Websolutions, Ahmadabad, Gujarat for 3 months. In the course of 3 months, I learnt team-work, PHP through PDO, working in deadlines, discipline and punctuality.

*Jr. PHP Developer*  
**August 2020 – November 2020**

At first, I worked on simple projects, then was switched to higher responsibilities – live projects. I worked on a live project thereafter, using JIRA, Bitbucket, Source Tree and SQL Yog.

The job was a work from home job (WFH) for which a software called Time Doctor 2 was used to monitor my day to day work.
